

Silja Symphony, Tallink Silja Line

Pointman Oy manufactures glassfiber reinforced plastic whirlpools for both land and ship installation. The surface of the whirlpool has a high-quality gelcoat surface.

Whirlpools are manufactured to meet the requirements of the USPH standard. Long experience in the industry and solid professionalism guarantees high-quality whirlpools.

Viking Glory, Viking Line

Following aspects have been considered in the design:

- Eco-designed water treatment system
- Raised side profile to reduce water lost
- Ergonomically designed seat unit
- Providing clients with luxurious spa experience

*Whirlpool can be customized according to the customer's needs.*

Specifications for standard whirlpool models:

MODEL	DIAMETER	NUMBER OF PEOPLE
